Re: Pyr-A-Larm, Inc.  
License No. 10-17090-01E

Gentlemen:

Please be advised that we have ceased operations of our Dublin, Georgia manufacturing and distributors site as of March 8, 1979.

The Manufacturing license issued by the State of Georgia for this facility has been canceled at our request.

Therefore, we request that you delete the Dublin address from the abovementioned distribution license.

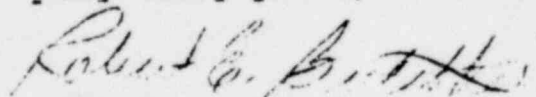

The plant located in Brewer, Maine will continue to manufacture and distribute our product line of residential smoke detectors.

The headquarters for Pyr-A-Larm, Inc. is located in Cedar Knolls, New Jersey at 8 Ridgedale Avenue. You may wish to use this address on the license, as Item #1.

Since I have had some difficulty in the past with the fees to amend our licenses, I have not enclosed any payment. Please advise me of the fee to cover this Amendment to the license.

If any further information is needed, please contact me.

Very truly yours,

Robert E. Butchko  
Chief Radiation Protection Officer
