Dear Mr. Grier: Re: IE Bulletin 79-19 response

Please excuse the delay in answering your inquiry. The August mailing evidently was not forwarded to me.

To this date we have not required the packaging or transporting of any radioactive waste, therefore, in response to items 1 through 8, we have no need for, nor have we developed a plan of action relative to the program.

We do not, nor do we plan to generate any low-level radioactive waste.

It is my understanding that this response is sufficient to satisfy your request, but, if not, please direct your correspondence to me.

Sincerely,

Robert B. Tanguay
