Dear Sirs:

This is in response to IE Bulletin No. 79-19, "Packaging of Low-Level Radioactive Waste for Transport and Burial".

The Lighting Business Group of General Electric Company does not generate low-level radioactive waste, as defined in the bulletin, under any of its N.R.C. licenses. These include license nos. 34-00054-04, 34-00054-05, 34-00054-06, 34-00054-07E, SMB-19i, and STE-8368.

Please notify the undersigned if you require further information.

Sincerely,

J. P. Kelly
Administrator for the Radioisotope
Committee
Environmental Control Operation
LIGHTING RESEARCH AND TECHNICAL
SERVICES OPERATION
