Subject: Quality Assurance Program Approval

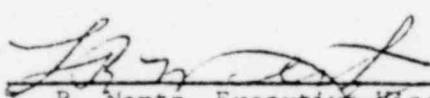

Gentlemen:

In order to properly incorporate within the Sub Manual the information requested in your letter of 30 October 1979, we have extensively rewritten the majority of the paragraphs in the Sub Manual.

Because of this extensive rework, we are herewith transmitting seven copies of the complete Sub Manual and, presuming these modifications provide the requested information, request that you replace existing Sub Manuals with these transmittals.

If you have further questions, please contact the undersigned.

Respectfully submitted for:  
OMAHA NONDESTRUCTIVE AND METALLURGICAL TESTING, INC.
