Gentlemen:

Certificate of Compliance No. 5939 for the Model No. GE-1500 expires on March 31, 1980.

If you desire to continue use of this package, please submit a consolidated application for renewal 30 days prior to the expiration of the certificate.

In regard to the existing Condition 6 of the Certificate of Compliance, please provide additional information concerning the containment of the radioactive material. Material other than intact clad fuel should be leak tested in accordance with Regulatory Guide 7.4 for packages prior to first use.

Eight copies of your application should be provided. In addition, the renewal fee prescribed in 10 CFR §170.31 should be included with your request for renewal of the Certificate.

This notice of the expiration of this certificate is sent for your convenience, and it should not be interpreted that similar notices will be sent in the future.

Sincerely,

A handwritten signature in cursive script that reads "Charles E. MacDonald".
