Gentlemen:

The Washington Management Group is conducting a market research study covering duplicating equipment and automatic copy processing or copier-duplicating machines.

Paragraph 30 of the Joint Committee on Printing regulations requires that the central printing and publications management section of each agency or department exercise jurisdiction over and maintain control of duplicating equipment and automatic copy-processing or copier-duplicating machines.

Pursuant to the provisions of the Freedom of Information Act we request a copy of your inventory listing covering all the copying and duplicating machines under your control, nationwide. We will be happy to pay normal costs of preparing the information. However, if the charges are over \$25.00, please advise me prior to proceeding.

Please respond within ten working days. Your cooperation will be sincerely appreciated.

Sincerely,

  
Donald K. Mitchell  
Vice President
