Attention: Ms. Ruth H. Meyer

Dear Ms. Meyer:

With reference to your letter of April 5th, and our recent telephone conversation, we have in our possession an extension to the import license and letter of credit covering this order until July 9, 1979.

We are arranging for the Instituto to amend the letter of credit to permit partial shipments, and we will accept the material available for immediate shipment, to be followed by the Plutonium-238 if and when it should become available to us. We attach hereto our application for Export License of this Plutonium-238 material.

We await your further advice as to the availability of the balance of the order and the possible availability of the Plutonium-238.
