EXECUTIVE SUMMARY

Management Directive (MD) 5.10, "Formal Qualifications for Integrated Materials Performance Evaluation Program (IMPEP) Team Members," is eliminated because—

- Directive 5.10 incorporates the provisions of the formal qualifications to participate as team members and leaders for IMPEP reviews into MD 5.6, "Integrated Materials Performance Evaluation Program (IMPEP)," and
- Directive Handbook 5.10 is replaced by the Office of Nuclear Materials Safety and Safeguards Procedure for State Agreement (SA) -111, "Formal Qualifications for Integrated Materials Performance Evaluation Program Team Members and Team Leaders," available at <https://scp.nrc.gov/procedures.html>.
