Dear Mr. Williams:

Enclosed is a draft copy of revisions to the Maine Rules Relating to Radiation Safety. The draft (marked up) language included in this submission was created to address the following RATS ID numbers:

2011-1	2013-2	2015-4
2012-2	2015-1	2015-5
2012-3	2015-2	2018-1
2012-4	2015-3	2018-2

The crosswalk and draft regulations are provided for your comment at the earliest stage of the Maine rulemaking process so that your staff has a chance to review and comment on the changes before they become effective.

We believe that the adoption of these revisions satisfies the compatibility and health and safety categories established in the Office of Nuclear Material Safety and Safeguards (NMSS) Procedure SA-200.
