Mr. L. Manning Muntzing
Director of Regulation
U. S. Atomic Energy Commission
Washington, D. C. 20545

Dear Mr. Muntzing:

Forwarded under separate cover are 300 copies of Amendment #1 to the Three Mile Island Nuclear Station Environmental Report. This amendment is submitted to accomplish the following:

1. Incorporate certain pertinent information contained in the "Answer to Order to Show Cause and Supporting Statement of Facts Relating to Transmission Lines for Three Mile Island Nuclear Generating Station Unit 2" that was submitted on December 28, 1971.
2. Submit formally additional information that has been discussed with members of your staff.
3. Correct minor typographical errors in the original submittal.

Very truly yours,

/S/ J. G. Miller
