This is in response to your letter dated June 6, 1979, in which you requested, pursuant to the Freedom of Information Act, all information relating to radioactive releases to the Susquehanna River as a result of the Three Mile Island Incident.

The enclosed report, "Title List-Publicly Available Documents-Three Mile Island Unit 2-Docket 50-320" and the attached printouts identify those records subject to your request on the Unit 2 Reactor which have been disclosed publicly as of June 20, 1979. These records have been placed in Docket File 50-320 at the NRC Public Document Room (PDR), 1717 H Street, N.W., Washington, D.C. 20555 and at the NRC Local Public Document Room (LPDR) in the Government Publication Section of the State Library of Pennsylvania, Education Building on Commonwealth and Walnut Streets, Harrisburg, Pennsylvania where they are available for public inspection and copying. The charge for reproducing these records is eight cents (\$0.08) per page, as specified in 10 CFR 9.14(a) of the Commission's regulations. Copies can be obtained by writing directly to the PDR. You will be billed directly by the PDR Reproduction Contractor, Potomac Research, Inc.

This completes action on your request.
