Dear Ms. Hemby,

This letter confirms our telephone discussion of this date and serves as a request to the U.S. Nuclear Regulatory Commission for an extension on our Export License.

We kindly request that you extend our license # XB000938 from its current date of expiration of 1 June, 1979 to a new expiration date of 1 June, 1980. This license is granted to the Bach Mai Hospital Emergency Relief Fund, Inc. to ship 10,000 curies of Cobalt-60 to Hanoi, Socialist Republic of Vietnam.

It is our intention to ship this source in the next couple of months and hope that this extension will be granted quickly.

Please let me know if there is additional information you require. In the meantime, I look forward to receiving from your office this extension.

Sincerely,

Tom Davidson
