Docket 50-483

Union Electric Company
ATTN: Mr. John K. Bryan
Vice President - Nuclear
Post Office Box 149
St. Louis, Missouri 63166

Gentlemen:

This refers to the inspection conducted by Messrs. E. R. Schweibinz and W. A. Hansen of this office on April 24-26, 1979, of activities at the Callaway Unit 1 construction site authorized by NRC Construction permit No. CPPR-139 and to the discussion of our findings with Mr. Weber and others of the Callaway staff at the conclusion of the inspection.

The enclosed copy of our inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of a selective examination of procedures and representative records, observations, and interviews with personnel.

Certain other activities, set forth in the enclosed Appendix A to this letter, appear to be a deviation from commitments which you have made in previous correspondence with the Commission. Please advise us in writing within thirty days of the corrective action you have taken or plan to take, showing the estimated date of completion with regard to this deviation.

In accordance with Section 2.790 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter, the enclosures, and your response to this letter will be placed in the NRC's Public Document Room, except as follows. If the enclosures contain information that you or your contractors believe to be proprietary, you must apply in writing to this office, within twenty

days of your receipt of this letter, to withhold such information from public disclosure. The application must include a full statement of the reasons for which the information is considered proprietary, and should be prepared so that proprietary information identified in the application is contained in an enclosure to the application.

We will gladly discuss any questions you have concerning this inspection.

Sincerely,

G. Fiorelli, Chief
Reactor Construction and
Engineering Support Branch
