Docket No. 50-219

Ms. Annette Wayne
740 Mary's Drive
Brick, New Jersey 08723

Dear Ms. Wayne:

In accordance with your recent telephone request to Hazel Smith of this office, I am enclosing the following items to assist you in retrieving information related to unscheduled shutdowns of the Oyster Creek Plant:

1. Copies of Oyster Creek old Gray Book sheets (only the current Gray Book is filed at the Local Public Document Room); and
2. NRC Chron Sheets (pages 78-353) which cover the period of April 1969 (license issuance date) through January 1977 (which is when the NRC started publishing the Gray Book). This chronological listing identifies periodic operating reports filed by the licensee. Such reports are available in the Applicant Correspondence File maintained at the Local Public Document and should include detail with respect to any unscheduled shutdowns.

Sincerely,

A handwritten signature in cursive script that reads "Dennis L. Ziemann".
