SUBJECT:
Perry Nuclear Power Plant
Docket No. 50-440, License No. NPF-58
NRC Initial License Examination

In accordance with NUREG-1021, ES-201, "Initial Operator Licensing Examination Process," enclosed are the proposed examinations, supporting documentation, and reference materials for the NRC initial license examination scheduled to be administered at the Perry Nuclear Power Plant starting February 11, 2019. The examination materials were developed in accordance with the guidelines specified in NUREG-1021, "Operator Licensing Examination Standards for Power Reactors," Revision 11.

NUREG-1021 Forms ES-201-2, ES-201-3, ES-301-1, ES-301-2, ES-301-3, ES-301-4, ES-301-5, ES-301-6, ES-401-1, ES-401-3, ES-401-4, ES-401-6, ES-D-1 and ES-D-2 are enclosed with the supporting documentation.

Form ES-301-6 has been completed based on the projected class size and license type at this time. The class size and makeup may change prior to the examination date.

The NRC initial license examination outlines were previously sent to you on September 12, 2018. A complete set of outline forms for both the Reactor Operator (RO) and Senior Reactor Operator (SRO) examinations are included in this submittal.

It is requested that the enclosed examination materials be withheld from public disclosure until after the initial license examinations are completed. None of the materials being sent are considered Safeguards information.

There are no regulatory commitments contained in this letter. If there are questions or if additional information is required, please contact Mr. Raymond Torres at (440) 280-5277.
