License No. 24-20059-01

Gentlemen:

Enclosed is Amendment No. 01 to your NRC License Number 24-20059-01, which adds two additional authorized users. With regard to your request to change the user condition, you should submit the following information (1) the training course personnel will complete, (2) their orientation to your procedures, (3) your method of assuring they are properly trained, and (4) your procedure for certifying the users and maintenance of training records. You may accomplish this by requesting amendment of your NRC license by letters, supplying the above information. Since you are a municipal department, no fee is required.

You may designate an individual (one of the authorized users) to act as RPO in your absence without applying for a license amendment or notifying us.

Sincerely,

John W. Cooper, Ph.D., Chief
Regional Licensing Section
Material Licensing Branch
Division of Fuel Cycle and
Material Safety

Encl. Amendment No. 01
