Dear Mr. Jones:

By this letter we do hereby request an amendment to our Radioactive Materials License.

Since we have not received our amended license, we trust that you can add the following to our July 19, 1979 renewal application.

This amendment concerns the change of address for our Roanoke facilities. Please change the address to:

Pittsburgh Testing Laboratory
4920 Cove Road, N. W.
Roanoke, VA 24019

Attached you will find a sketch of their facilities.

Should you have any questions, please advise.

Very truly yours,
