Operator License Post-Examination Documentation

Reference 1: NUREG-1021, Operator Licensing Examination Standards for Power Reactors, Revision 11

Pursuant to the requirements of Reference 1, Section ES-501, "Initial Post-Examination Activities," the Northern States Power Company, a Minnesota Corporation (NSPM), doing business as Xcel Energy, is providing the Nuclear Regulatory Commission (NRC) with the required post-examination documentation. The post-examination documentation was developed as a result of the completion of the NSPM grading and reviews of the Reactor Operator and Senior Reactor Operator License written examinations completed on November 9, 2018, at the Monticello Nuclear Generating Plant.

NSPM submits the following information as enclosures: graded written examinations, changes to the master examination and answer key, questions asked by and answers given to the applicants during the written examination, post-examination applicant comments, the written examination seating chart, a completed form ES-403-1 "Written Examination Grading Quality Checklist", and the written examination performance analysis.

The examination grading and review was performed in accordance with Reference 1, Section ES-403, and "Grading Initial Site-Specific Written Examinations."

Form ES-201-3 is not fully completed at this time. NSPM will submit the completed original form ES-201-3, "Examination Security Agreement," in accordance with Reference 1, Section ES-501.
