Gentlemen:

Enclosed are two copies of a draft Comprehensive Evaluation Report consolidating observations of the four teams that visited your facility during July 1979. I understand that you have already taken corrective actions to respond to a number of the observations of those teams. In the interest of a timely resolution to the observations of the report, I am sending this report while it is still in draft form. I am also requesting members of my staff to contact you shortly to schedule a visit to your facility to discuss those actions already undertaken as well as actions which are appropriate for the remaining observations. In this regard, please review the draft report paying particular attention to its conclusions and recommendations.

Sincerely,

George W. McCorkle
