June 29, 1979

OFFICE OF THE
CHAIRMAN

The Honorable Dan Glickman
United States House of Representatives
Washington, D.C. 20515

Dear Congressman Glickman:

I have received your letter of June 21 and appreciate your taking the time to provide me with additional background on your successful amendment on behalf of the resident inspector program.

As you know, the Commission itself initiated the present resident inspector program with the support and encouragement of Congress about a year and a half ago. We believe it can make a positive contribution to our overall goal of protecting the public health and safety and appreciate your recognition of its value and your support in securing additional funding to expand the program.

The Commission is prepared to implement the mandate of Congress as quickly as we can consistent with our need to assure an inspection force of the highest quality. We look forward to your continued support and encouragement of our efforts.

Sincerely,
