JUN 8 1979

MEMORANDUM FOR: RES Staff

FROM: J. T. Larkins, Chief
Program Coordination Branch

SUBJECT: NRC/TMI SPECIAL INVESTIGATION GROUP REQUEST FOR
INFORMATION CONCERNING TMI-2 ACTIVITIES

Attached is a memorandum from R. C. DeYoung, Deputy Interim Director, NRC/TMI Special Investigation Group, to an Attached List requesting information on staff activities relating to the TMI-2 accident. It should be noted that individuals who have responded to the EDC request of April 13, 1979 need not respond again. If work related to TMI-2 has been performed by you or by a contractor at your request after April 13, 1979, please make note of it. Please forward all input to this request to me by C.O.D. June 13, 1979 so that a single package of RES responses can be sent to the NRC/TMI Special Investigation Group.

The list attached to Mr. DeYoung's memo includes names of personnel who have contributed time to the TMI effort. If there are RES members whose names have been omitted, we would appreciate your input also.
