Subject: Application for Renewal of License SUA-1204, Docket 40-8304

Gentlemen:

The Wyoming Mineral Corporation (WMC) hereby requests that License SUA-1204, Docket 40-8304, be renewed for a period of five years. No other changes in the license are requested.

In accordance with the provisions of 10CFR 40.31(e) and 10CFR 170.31, I am enclosing a check in the amount of \$17,300. Any portion of that fee that is in excess of the Commission's actual expenses in preparing the renewal should be remitted to the Wyoming Mineral Corporation at the above address to my attention.

Since WMC is requesting no changes in the technical terms and conditions of the license, the conclusions regarding the absence of any potential for significant adverse impact on the environment, as stated in the Commission's transmittal letter dated July 5, 1974, are still appropriate.

Please send the renewed license to me at the above address.

If you have any questions regarding this application, please write to me at the above address, or telephone me at (303) 988-8530, extension 226.

Very truly yours,

KARL R. SCHENDEL
