Mr. B. H. Grier, Director
Office of Inspection & Enforcement
Region 1
U. S. Nuclear Regulatory Commission
631 Park Avenue
King of Prussia, Pennsylvania 19406

Dear Sir:

Three Mile Island Nuclear Station Unit 2 (TMI-2)
Operating License No. DPR-73
Docket No. 50-320

Enclosed is the third in a series of follow-up reports on the March 28, 1979 accident at TMI-2. This submittal is being made in accordance with Met-Ed's commitment in the letter dated April 11, 1979 (GQL 0490). It provides information compiled subsequent to that contained in the June 18, 1979 report together with updates to that report. Please note that Section I 'Sequence of Events' contains only information on the first 20 hours of the accident. Additional analyses covering the period through April 30, 1979 are presently undergoing review and are not available at this time. However, we expect to have these reviews completed shortly and be able to supply them for incorporation into Section I by July 20, 1979. As stated in the April 11, 1979 letter, the next report is to be submitted on October 15, 1979.

Sincerely,

/s/ J. G. Herbein

J. G. Herbein
Vice President-Generation
