IN RESPONSE REFER
TO FOIA-79-233

Dear Mr. Ahrendt:

This is in response to your letter dated June 20, 1979 in which you requested, pursuant to the Freedom of Information Act, copies of a summary sheet of power plant operator exam results presented to the Commission on April 20, 1979, and the actual nuclear plant operator license examinations and test results for any other Duke Power Company employees administered between January 1, 1975, and the present.

Enclosed, as listed in Appendix A, are documents subject to your request.

In a telephone conversation on July 16, 1979 with Ms. Ellen Whitlow of my staff, you agreed to bear the costs of reproducing these records. The charge for reproduction of records not located at the NRC Public Document Room is \$0.10 per page, as specified in 10 CFR 9.14(b). Accordingly, the cost of reproducing the enclosed 205 pages is \$20.50.

Please send a check made payable to the U.S. Nuclear Regulatory Commission for the amount of \$20.50, along with a copy of this letter, to the Director, Division of Rules and Records, Room MNBB-4210, U.S. Nuclear Regulatory Commission, Washington, DC 20555.

The Power Plant Examination Results Summary Sheets go back as far as February, 1976. Results prior to that time would require an extensive search of individual docket files, which are already publicly available at the NRC Public Document Room (PDR), 1717 H Street, N.W., Washington, DC 20555. You may obtain copies of these documents by writing directly to the PDR. The cost of reproducing documents at the PDR is \$0.08 per page copy, as specified in 10 CFR 9.14(b).

For your information, the first column, TYPE, on the Power Plant Examination Results Summary Sheets indicates the applicant's status as follows:

1. Operator
2. Senior Operator, not previously licensed at that facility
3. Senior Operator, presently licensed as an operator at that facility
4. Senior Operator reexamination.

Sincerely,

J. M. Felton, Director
Division of Rules and Records
Office of Administration
