 New York State Electric and Gas Corp.
 and Long Island Lighting Co.
 (New Haven 1 and 2)
Docket Nos. STN 50-596 & STN 50-597

Gentlemen:

As offered at the June 14, 1979 public comment session, I am sending to the service list the intervention statement of Emerson Mead. This statement was also read into the record by Mr. Mead. Counsel for NRC Staff and PSC Staff have both spoken with Mr. Mead and indicated areas in which they perceived deficiencies in his "petition". We believe the most useful next step would be for the parties to respond in writing to Mr. Mead's petition. We would propose that such responses be due on July 13, 1979, along with the other pleadings due on that date. Please confirm whether the above filing date is acceptable to the Board.

Sincerely,

/s/

Stephen H. Lewis
 Counsel for NRC Staff

Enclosure: As stated
