RE: BML 29-13613-02 - Radiation Technology, Inc.

Dear Mr. Salzman:

We received a phone call today from Mrs. Skrutsky advising that oral arguments were scheduled to be held July 12 at 9:30 A.M. at the East-West Towers Building in Washington, D.C. As I am unable to travel to Washington, it is requested that these oral arguments be heard at the Court House in Morristown, New Jersey. We look forward to your early response with this new scheduling.

Yours very truly,

Martin A. Welt, PhD.
President
