Dear Sir:

The following information is offered in response to item B (Audits) of my May 2nd letter. Our Divisional Quality Assurance Audit file for our Kankakee facility contains a complete history of the November 1974 audit. This includes findings as a result of the audit with corresponding corrective action and the appropriate close-out of the audit. The audit file which was reviewed by your Mr. Agee at our Kankakee Quality Assurance office was incomplete. The balance of the file was either misplaced or misfiled. I have provided Kankakee a copy of the complete file and have instructed the Quality Assurance Manager to exercise more care in the retention of such documents.

I trust this will satisfy your review and apologize for the delay in closing out the audit.

Very truly yours,  
GOULD INC.
