Gentlemen:

Subject: Meeting at Elfreth Alley Apothecary

This letter is a confirmation of the meeting which is to be held at your facility between members of my staff, members of the NRC's License Management Branch, and yourself and Mr. R. L. Sanchez, President, Nuclear Pharmacy, Inc., on July 10, 1979.

The purpose of this meeting is to review the results of our inspection conducted on June 18, 1979, and discuss the actions you have taken to assure that your employees understand and follow the safety procedures which you submitted in your application for a license.

You should be prepared to specify the actions you have taken or plan to take to bring your licensed program into compliance with NRC regulations and the conditions of your license, and to improve your system of management controls.

Should you have any questions concerning the meeting arrangements, please contact Mr. R. McClintock of my staff.

Sincerely,

Boyce H. Grier
