50-254, 50-265, 50-295, 50-304,

Commonwealth Edison Company  
ATTN: Mr. Byron Lee, Jr.,  
Vice President  
P. O. Box 767  
Chicago, IL 60690

Gentlemen:

We have received several licensee inquiries regarding the use of the OPX (Initial Notification/Reactor Operations) system during drills. Licensees are encouraged to use the system if the drill scenario requires initial notification of the NRC; however, care should be exercised in assuring that the NRC Duty Officer is informed that such calls are drills.

Sincerely,

for James G. Keppler  
Director
