Docket No. 50-346

JUL 9 1979

Toledo Edison Company
ATTN: Mr. James S. Grant
Vice President - Energy
Supply
Edison Plaza
300 Madison Avenue
Toledo, OH 43652

Gentlemen:

We have received several licensee inquiries regarding the use of the OPX (Initial Notification/Reactor Operations) system during drills. Licensees are encouraged to use the system if the drill scenario requires initial notification of the NRC; however, care should be exercised in assuring that the NRC Duty Officer is informed that such calls are drills.

Sincerely,

James G. Keppler
