Subject: Nuclear Regulatory Commission, 10 CFR Part 61 [NRC-2017-0081], RIN 3150-AK00, Greater-Than-Class-C and Transuranic Waste, Draft Regulatory Basis; Request

Dear Ms. Annette L. Vietti-Cook:

The Texas Commission on Environmental Quality (TCEQ) respectfully requests that the Nuclear Regulatory Commission extend the public comment period on the above-referenced Greater-than-Class-C and Transuranic Waste; Draft Regulatory Basis by a minimum of 60 days beyond the currently scheduled public comment deadline of September 20, 2019. This extension is necessary in order to provide all stakeholders sufficient opportunity to not only review the Draft Regulatory Basis and associated documents, but also review and consider the input from Texas stakeholders and other interested parties when the transcripts from the August 22, 2019 NRC webinar and the August 27, 2019 public meeting are publicly available.

If you have any questions or comments regarding this matter, please contact Ashley Forbes, Director, Radioactive Materials Division, at [ashley.forbes@tceq.texas.gov](mailto:ashley.forbes@tceq.texas.gov) or (512) 239-0493.

Sincerely,

A handwritten signature in black ink, appearing to read "Toby Baker".
