Gentlemen:

We have completed our review of your revised Safeguards Contingency Plan which was transmitted to us by your letter of April 12, 1979, and find the revised plan acceptable.

In view of the fact that the Physical Security Plan and the Safeguards Contingency Plan comprise the essential elements of the physical protection program, we have found it appropriate to incorporate, by reference, both of these plans into your license. We are therefore revising License Conditions 9.0 and 9.1, establishing 9.1.A to incorporate the Physical Security Plan and 9.1.B to incorporate the Safeguards Contingency Plan. We are also modifying Condition 9.2 by referring to both of the foregoing plans. Accordingly, we are hereby amending Section 9.0 of Materials and Plant Protection Amendment MPP-1 to your License No. SNM-23 by revising License Conditions 9.1 and 9.2 as set forth in the enclosure to this letter, effective 30 days after receipt.

We have determined that the enclosure to your letter of April 12, 1979 contains information of a type specified in 10 CFR 2.790(d). Accordingly, it is deemed to be commercial or financial information within the meaning of 10 CFR 9.5(a)(4) and shall be subject to disclosure only in accordance with the provisions of 10 CFR 9.12.

Sincerely,

George W. McCorkle
