Gentlemen:

Re: Distribution of Nine Mile Lake Environmental Report,
Rocky Mountain Energy Company, Docket 40-8721

In accordance with your letter of June 5, 1979 please be advised that Rocky Mountain Energy Company has forwarded copies of its Environmental Report to all addressees as indicated. A copy of the transmittal letter is enclosed. In three incidences, not all the copies could be sent due to a volumn shortage. Copies are being reprinted and will be transmitted to complete the number of sets requested as soon as available. Also, please find enclosed an additional Environmental Report for your use, as requested during your site visit of June 19, 1979.

Lastly, Rocky Mountain Energy Company will have completed responses to the preliminary NRC questions of June 22, 1979 to coincide with the scheduled July 17, 1979 NRC/RMEC meeting.

If there are any questions or concerns, please advise.

Sincerely,

Gentlemen:

Re: Nine Mile Lake ISL Environmental Report,
Rocky Mountain Energy Company (RMEC), NRC
Docket No. 40-8721

The Nuclear Regulatory Commission has completed the acceptance review of RMEC's Environmental Report and Appendix dated January, 1979 submitted in connection with a February 12, 1979 application for a Source Material License for the proposed Nine Mile Lake in situ uranium recovery project in Natrona County, Wyoming.

Accordingly, the NRC has directed RMEC to distribute the enclosed Environmental Report(s) and Appendix for your consideration. Future supplements will be forwarded as they become available. The NRC project manager assigned to the review is J.E. Rothfleisch, (tel. no. 301-427-4103).

If you have any questions or concerns please advise at the enclosed return.

Sincerely,

A.D. Luck
