Mr. Thomas H. O'Brien
Senior Vice President
Long Island Lighting Company
250 Old Country Road
Mineola, New York 11501

Dear Mr. O'Brien:

Thank you for your invitation to speak at the
Finance Conference of the Edison Electric Institute
in Miami on October 17, 1979.

I will accept the invitation with the understanding
that there is the possibility of the Congress pre-
empting my time. That has been a popular occupation
in recent months, but perhaps by October there will
be fewer hearings.

Sincerely,

Joseph M. Hendrie
