UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

June 14, 1979

Mr. Raymond E. Hutchinson
Engineer
Aquagenics, Incorporated
718 Eastbrook Boulevard
Winter Park, FL 32792

Dear Mr. Hutchinson:

Thank you for your letters of April 12 to Chairman Hendrie and April 17 to Edson Case, concerning your filter system. We appreciate your offer of a trial system for evaluation. However, we believe that it would be more appropriate for you to contact directly industrial users of filtered water, including electric utilities, as potential purchasers of filter systems.

Sincerely,

A handwritten signature in cursive script, appearing to read "H R Denton".

Harold R. Denton, Director
Office of Nuclear Reactor Regulation
