4:31 p.m.
Thurs.

I just had a call
from a Fred Siegel of
the Governor's Energy Office
in New Hampshire. I
gave him an up date
as I learned it from
De Fayette an hour ago.
He asked that you call
him back Friday a.m.

4:10 to Mr. Crofters & Ron Callen
in Mich. - (517) 373-8690
Callen home phone 372-608

4:40 pm Friday

Called again from Quota
(collect) He had called yester
day wanting to know how he
could be tested for
infection due to his having
been on a train travelling
part the ^{week} ~~the~~ yesterday
between 4-7 a.m.

Joel Lubman relayed this
message on Thursday to the
Command center & someone
there called Quota & talked
with [] [] & told
her what I had already told

knowing that
it was not of high enough
level to be of concern. He
is not satisfied.

~~Called Ellis Summer~~ ~~Nebr. Pol. Dept~~
Ellis said that [redacted] was
checked out this morning by

a Dr. Hansen in Omaha

Univ of Nebraska, Med Center

402-541-7880

Thyroid uptake & did ~~not~~

an upper body gamma scan.
I called Dr. Hansen & he said it was a
Dr. Dirksen who tested him.

Man had pin on saying "beta
active today & no radioactivity
tomorrow". Dr. Hansen will send report.

On duty at 10:50 am Sat.

Called Marshall Sanders at

28111 -

Refer 492-7941

2:40 Marc Messing Called.

1. They ~~are~~ (EPC) are planning to send a telegram to Hurdie and Schweitzer saying they don't think we are holding the public how bad it could be - like if the hydrogen exploded and

2. They need info on degree of emergency plan if Pa. and around of time one would have to evacuate.
