U.S. NUCLEAR REG.  
COMMISSION  
MAIL SECTION

June 19, 1979

Mr. Eugene A. Trager  
Uranium Mill Licensing Section  
U.S. Nuclear Regulatory Commission  
7915 Eastern Avenue  
Silver Spring, MD 20910

Dear Mr. Trager:

Enclosed are 15 copies of D'Appolonia's report on tailings management and monitoring for the White Mesa Project. This report will constitute appendix A-B of the license application. However, because of the volume of this report it is not practical to insert it into the application itself. We trust this arrangement is satisfactory.

We look forward to our meeting in the near future.

Very truly yours,

C. E. Baker, Environmental  
& Licensing Director
