PXS PRESIDENT CARTER

WHITE HOUSE

WASHINGTON DC

MR PRESIDENT, THE SHUT DOWN OF 5 NUCLEAR POWER PLANTS FOR SEISMIC CONCERN IS POOR JUDGMENT BY THE NUCLEAR REGULATORY COMMISSION. THESE PLANTS SHOULD BE ALLOWED TO CONTINUE OPERATION WHILE SEISMIC IMPROVEMENTS ARE DEVELOPED. THESE PLANTS ARE HIGHLY UNSUSCEPTIBLE TO EARTH QUAKES AT PRESENT. MY OPINION IS BASED ON MANY YEARS EXPERIENCE AS A SEISMIC/RELIABILITY NUCLEAR ENGINEER. RESPECTFULLY SUBMITTED

CRAWFORD M KUS 86 GRANDVIEW ST TOLLAND CT 06034
