Docket No. 70-925  
Docket No. 70-1193

Kerr-McGee Nuclear Corporation  
ATTN: Mr. W. J. Shelley, Director  
Regulation and Control  
Kerr-McGee Center  
Oklahoma City, OK 73102

Gentlemen:

This refers to the inspection conducted by Messrs. N. E. DuBry and L. J. Hueter of this office on April 17-20, 1979, of activities at the Cimarron facility authorized by NRC Licenses No. SNM-928 and No. SNM-174 and to the discussion of our findings with Messrs. Sinke, Majors, and Kegin at the conclusion of the inspection.

The enclosed copy of our inspection report identifies areas examined during the inspection. Within these areas, the inspection consisted of a selective examination of procedures and representative records, observations, and interviews with personnel.

No items of noncompliance with NRC requirements were identified during the course of this inspection.

Based on discussions with your representatives at the site, we understand that the respiratory protection mask quality assurance program will be reviewed and updated as needed.

In accordance with Section 2.796 of the NRC's "Rules of Practice," Part 2, Title 10, Code of Federal Regulations, a copy of this letter and the enclosed inspection report will be placed in the NRC's Public Document Room, except as follows. If this report contains information that you or your contractors believe to be proprietary, you must apply in writing to this office, within twenty days of your receipt of this letter, to withhold such information from public disclosure. The application must include a full statement of the reasons for which the information is considered proprietary, and should be prepared so that proprietary information identified in the application is contained in an enclosure to the application.
