Atlanta, Georgia 30303

Gentlemen:

This letter is to update information concerning admittance of an additional NRC inspector to your facilities, and is in addition to our letter of May 18, 1979.

The enclosure indicates an NRC Region II individual for whom a permanent nonemployee, no escort required picture badge as authorized by 10 CFR 73.55(d)(5) is requested.

We request that a site orientation relevant to the issuance of badges, escort duties and emergency evacuation be afforded those personnel listed in Enclosure 1 if such training has not previously been provided. The enclosure to this letter is effective upon receipt and will be routinely updated.

Should you have any questions concerning this matter, we will be happy to discuss them with you.

Sincerely,

William J. O'Brien
James P. O'Reilly
Director

HATCH

This certifies that the persons listed below are employees of the U.S. Nuclear Regulatory Commission. To the extent of our knowledge, these persons do not possess adverse character traits or indications of aberrant behavior. These employees have been screened to the national level and their trustworthiness has been determined by a review of the individual's employment records. Based on the above, I recommend that these employees be granted unescorted access to protected and type I and type II vital areas of your facility.

<u>Name</u>	<u>Clearance</u>	<u>NRC Badge No.</u>
Moon, B. T.	L	B0170
Perny, C. D.	Q	C0196
Vallish, E. J.	L	P0079

A "Q" access authorization is based on a full-field investigation conducted by the Civil Service Commission (CSC), the Federal Bureau of Investigation (FBI) or another U.S. Government agency which conducts personnel security investigations. The other, an "L" access authorization, is based on a National Agency Check (NAC) conducted by the Civil Service Commission.
