Time-History Accelerograph Recording System Operability

Mr. D. A. Beckman, Reactor Inspector
United States Nuclear Regulatory Commission
Region 1
631 Park Avenue
King of Prussia, Pennsylvania 19406

Dear Mr. Beckman:

Enclosed is a copy of a report from the vendor of our Time-History Accelerograph Recording System stating the system is operable. During our next refueling, we will be converting to new accelerometers and a Trigger Unit by Kinometrics to solve all problems by having all Kinemetric components.

If there are any further questions, please do not hesitate to contact me.

Very truly yours,

J. A. Werling
J. A. Werling
Superintendent
