Licensing & Compliance Audits
P. O. Box 780
Wilmington, North Carolina 28401

Gentlemen:

In accordance with your applicant dated July 14, 1978, as supplemented May 14, 1979, and pursuant to Title 10, Code of Federal Regulations, Part 70, Special Nuclear Materials License No. SNM-1097 is hereby amended to include your decommissioning plan and financial commitment. Accordingly, Condition 19 is added to your license to read as follows:

Condition 19. At the end of the plant life, the licensee shall decontaminate the facilities and site in accordance with the general decommissioning plan submitted in the enclosure to the letter dated July 14, 1978, so that these facilities and grounds can be released to unrestricted use. The financial commitment to assure that funds will be available for decommissioning, in the letter of May 14, 1979, is hereby incorporated as a condition of the license.

Additional details of the decommissioning plan, to provide further information on anticipated methods of decontamination, areas to be cleaned, and volumes to be buried at a licensed burial facility, are requested by July 1, 1980.

All other conditions of this license shall remain the same.
