FOIA-79-221
rec'd 6-18-79

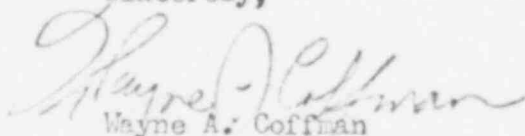

Dear Mr. Felton:

As a citizen of the U. S. and pursuant to the Freedom of Information Act, I wish to inquire in regard to the following:

1. Does NRC engage the services of consultants by special contracts (other than via the personnel department as a special employee)? I'm interested in individuals who might be employees of universities for example.
2. If special agreements or contracts do exist to procure the services of individuals, I would like to request the following:
 - a) Names of the consultants (during either this or the previous fiscal year).
 - b) The discipline in which they work and the NRC organizational unit in which they serve.
 - c) Number of days worked (same period).
 - d) Rate of compensation.
 - e) Justification for hiring, initiator and authorizing individual.

Please contact me if there will be any charges.

Sincerely,

Wayne A. Coffman
