TO FOIA-79-286

Dear Ms. Gee:

This is in response to your letter dated July 18, 1979 in which you requested, pursuant to the Freedom of Information Act, information concerning nuclear power and the function of the Nuclear Regulatory Commission.

For your information, the Freedom of Information Act (FOIA), (5 U.S.C. 552), applies only to requests for, or access to, records. Since your request is not for access to records, we cannot treat it as an FOIA request. However, enclosed is a copy of the U.S. Nuclear Regulatory Commission Annual Report for 1978, which may provide the information you are seeking.

Sincerely,

FREEDOM OF INFORMATION
ACT REQUEST

FOIA-79-33
REC'D 2-5-79

Dear Mr. Felton:

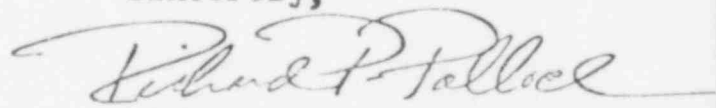

On April 27, 1978 the Critical Mass Energy Project requested, pursuant to the Freedom of Information Act, a listing of all out-of-town trips conducted by each sitting Commissioner for official business. In a subsequent letter, we also requested that the listing also include out-of-town trips taken by each NRC Commissioner staff member. A tabulation of the costs charged to the United States Government for each visit, including an explanation of the business conducted and a duration of the trips.

After a lengthy delay, your office fully complied with this request through June 1, 1978 and also notified this office that such information would be routinely compiled by each Commissioner for such future trips. A portion of this information has been placed in the Commissioner's reading files, but much data is still omitted from the current listings.

We therefore request that the NRC furnish, pursuant to the Freedom of Information Act 5 USC 552, a listing of out-of-town trips taken by each active NRC Commissioner from May 30, 1978 to January 1, 1979. Included in this request is the same cost and duration data that was provided to CMEP in the previous response, and data on staff visit

Inasmuch as this material is now being routinely assembled by each Commissioner's staff, we would expect a full and complete reply within the ten business days stipulated by the Act.

Sincerely,

Richard P. Pollock, Director
