Gentlemen:

We have reviewed Revision 1 to your Safeguards Contingency Plan submitted with your letter of May 25, 1979. We have determined that your revised and corrected plan is acceptable.

In view of the fact that the Physical Security Plan, Safeguards Contingency Plan and Guard Training and Qualification Plan comprise the essential elements of the physical protection program requirements, we have found it appropriate to incorporate, by reference, all of these plans into your license in the Materials and Plant Protection Amendment to your license. We are revising Conditions 9.0 and 9.1, establishing 9.1.A to incorporate the Physical Security Plan, 9.1.B to incorporate the Safeguards Contingency Plan, and 9.1.C to incorporate the Guard Training and Qualification Plan. We are also modifying Condition 9.2 by referring to all of the foregoing plans.

Therefore, in accordance with the foregoing, we are hereby amending Section 9.0 of Materials and Plant Protection Amendment MPP-2 to your License No. SNM-960 by amending License Conditions 9.1 and 9.2 as set forth in the enclosure to this letter, effective 30 days after receipt.

We have determined that the enclosure to your letter of May 25, 1979 contains information of a type specified in 10 CFR 2.790(d). Accordingly, it is deemed to be commercial or financial information within the meaning of 10 CFR 9.5(a)(4) and shall be subject to disclosure only in accordance with the provisions of 10 CFR 9.2.

Sincerely,

501 230

George W. McCorkle
George W. McCorkle, Chief
Physical Security Licensing Branch

Enclosure:
As stated

Docket No. 70-1257
License No. SNM-1227
MPP-2

9.0 PHYSICAL PROTECTION REQUIREMENTS

9.1 The licensee shall follow the plans indicated below:

9.1.A The licensee shall follow the security plan entitled "Physical Protection Plan for the Exxon Nuclear Mixed Oxide Fuel Fabrication Plant," Document XN-183 Revision 5, dated March 1977, as amended by these license conditions and as further amended pursuant to the provisions of 10 CFR 70.32(e).

9.1.B The licensee shall follow the Safeguards Contingency Plan for the Exxon Nuclear Mixed Oxide and Specialty Fuels Plant, Revision 1, dated May 1979, as amended by these license conditions and as further amended by changes authorized under the provisions of 10 CFR 70.32(e).

9.1.C (Reserved for the Guard Training and Qualification Plan.)

9.2 No statement in the licensee's facility plans as described in 9.1 above shall relieve the licensee of a requirement of 10 CFR Part 73 unless granted in a specific exemption or exception set forth as a condition of this license.
