 4. WPPSS-2 Review Schedule, memorandum for S. Varga from W. Butler dated 3/19/79.
 5. Request for Additional Information Re: WPPSS-2 SRV discharge load, memorandum for R. Tedesco from L. Rubenstein dated 12/19/80.

The purpose of this memorandum is to call to your attention a deficiency in the staff's communications with WPPSS-2.

In reference 4 above we highlighted the potential for slip in our review schedule due to the untimely response by the applicant to our request for the additional information listed in references 2 and 3. However, we have not received any response from either the project manager or from the applicant.

During a recent (2/5/81) discussion with Mr. E. Fredenburg of WPPSS-2, he indicated to F. Eltawila of my staff that, except for those questions listed in reference 1, they have not received any other questions pertinent to the Containment Systems Branch review area. Please investigate this matter so that this situation is rectified and we may go forward with the review of WPPSS-2.
