SUBJECT: APPLICATION FOR THE MODEL NO. ANF-10 TRANSPORTATION PACKAGE,  
REVISION 0 – ACCEPTED FOR REVIEW (EPID NO. L-2019-LLA-0116)

Dear Mr. Boyle:

By letter dated May 30, 2019 (Agencywide Documents Access and Management System Accession No. ML19176A254), U.S. Department of Transportation submitted the German Certificate of Competent Authority D/4377/AF-96, Revision 0 for the ANF-10 package for recommendation concerning revalidation of the package for import and export use. The U.S. Nuclear Regulatory Commission staff performed an acceptance review of your application and determined it contains sufficient technical information in scope and depth to allow the staff to complete a detailed technical review.

We have established a schedule for the review, which allows for the staff to issue a request for additional information (RAI) in November 2019 and, provided a second RAI is not needed, a certificate in March 2020, based on you responding to the first RAI in December 2019. In general, no additional changes to the application should be submitted except for changes resulting from your response to a RAI.

If you have any questions regarding this matter, please contact me at (301) 415-5196.

Sincerely,

**/RA/**
