OFFICE OF THE
CHAIRMAN

L The Honorable Daniel Moynihan
United States Senate
Washington, D. C. 20510

Dear Senator Moynihan:

Before the 96th Congress is too far underway, I want to take a moment to thank you for your efforts in the last Congress toward securing consolidation of the Nuclear Regulatory Commission headquarters at a single location in the Washington metropolitan area and to reiterate the Commission's position that early consolidation is among our highest priorities.

The present scattering of the NRC flock to nine locations goes beyond mere inconvenience. It represents a serious hindrance to efficient operations. My fellow Commissioners and I are hopeful that any remaining obstacles to consolidation can be successfully resolved as expeditiously as possible.

Your understanding and help in this matter has been and continues to be appreciated.

Sincerely,

Joseph M. Hendrie
Chairman
