IN RESPONSE REFER
TO FOIA-79-98

Dear Mr. Roisman:

This is in further response to your letter dated April 4, 1979, in which you requested, pursuant to the Freedom of Information Act, all documents and communications in possession of the Nuclear Regulatory Commission relating to the Three Mile Island Nuclear Station Unit 2.

The enclosed report, "Title List-Publicly Available Documents-Three Mile Island Unit 2-Docket 50-320" and the attached printouts identify those records subject to your request on the Unit 2 Reactor which have been disclosed publicly as of June 20, 1979. These records have been placed in Docket File 50-320 at the NRC Public Document Room (PDR), 1717 H Street, N.W., Washington, D.C. 20555 where they are available for public inspection and copying. The charge for reproducing these records is eight cents (\$0.08) per page, as specified in 10 CFR 9.14(a) of the Commission's regulations. Copies can be obtained by writing directly to the PDR. You will be billed directly by the PDR Reproduction Contractor, Potomac Research Inc.

Within a few days you will be advised of those records which are being withheld from public disclosure and the basis for the withholding. Also, within a few weeks, you will be provided an updated list of records relating to the Unit 2 Reactor which have been disclosed publicly.

There are also three publicly available litigation files relevant to the Three Mile Island Unit 2 Reactor; all are entitled Chaunery Keppard v. United States Circuit Court for the District of Columbia.

Sincerely,

A handwritten signature in cursive script, appearing to read "J. M. Felton".

J. M. Felton, Director
Division of Rules and Records
