Dear Mr. Potapovs:

This is in response to your letter of May 9, 1979, regarding our responses to the subject inspection. We confirm that our action to prevent recurrence of the two deviations will be to issue written instructions to the Project Managers cautioning them to specifically follow the requirements of S&L Procedures GQ-3.12 and GQ-17.01. Documentation confirming this action will be available for your inspection by June 1, 1979.

Yours very truly,
